Let's be remarkable.

Start something big today. Apply now.

## PreMaster Programm - Data Analysis Toolkit

Organization: Robert Bosch GmbH | Nation: Germany | Location: Stuttgart-Feuerbach | Functional Area: Engineering, Software Development |  
Level: PreMaster Program | Date: 21.08.2017 | Reference no.: 60086349

**Do you want beneficial technologies being shaped by your ideas? Whether in the areas of mobility solutions, consumer goods, industrial technology or energy and building technology – with us, you will have the chance to improve quality of life all across the globe. Welcome to Bosch.**

The Bosch PreMaster Program is a two-stage qualification program for Bachelor degree holders who have the aim of obtaining a Master's degree. Upon completion of the Bachelor's, the first phase of the program provides up to twelve months of practical experience for the student to gain an overview of the subject-related contexts and corporate interrelationships. The second phase begins upon entry into the Master's program of study and includes additional further qualification in individually selected seminars as well as the personal support and guidance of a mentor to help pave the way to successful completion.

### Your contribution to something big

- ▶ Help shape the future: You contribute to the development of a program for automated image
- ▶ Integrated implementation: You lead a team of several students as Scrum Master
- ▶ Reliable implementation: You are responsible for the development of the software and the implementation of the algorithms
- ▶ Live internationally: You work in a team of international students
- ▶ Structure observation: You select the right tools for various Use Cases

### What distinguishes you

- ▶ Personality: strong communication, flexibility and willing to learn new skills
- ▶ Working practice: ability to work independently and collaborate in a team of students
- ▶ Working experience and knowledge: high and structured programming skills
- ▶ Qualification: good python knowledge required
- ▶ Enthusiasm: affinity for applied programming problems
- ▶ Language: fluent German and English skills both written and spoken
- ▶ Education: Outstanding Bachelor degree in computer science or similar and the intention to graduate a master's program

The company phase has a duration of six to twelve months. Until the end of your master's degree course you will receive a limited contract and get advice and support by a personal mentor.

Interested? For further information about the PreMaster Program go to [www.start-a-remarkable-career.de](http://www.start-a-remarkable-career.de). We look forward to receiving your application.

### Your future job location offers you

Benefits & Services, Parking, Health & Sport, Catering, Childcare, Company medical service, Employee discounts, Traffic and transport, Room for creativity, Urban infrastructure, Flexible worktime options

### Make it happen.
