

INTERNSHIP OPPORTUNITY MELBOURNE, AUSTRALIA

Does your university require you to work overseas for one semester? Or would you like to work abroad for your personal development?

Heidelberg Australia and New Zealand is currently offering a 6 months Internship position in Melbourne from October 2008.

Heidelberg is the world's leader supplier of innovative solutions for the print media industry. We are currently seeking applications from passionate & motivated individuals for a 6 months internship in the area of Systemservice with Heidelberg Australia & New Zealand.

Reporting to the Systemservice Coordinator, this position is mainly responsible to develop new and continue to improve existing service applications and reports using Visual Basic for MS Excel and MS Access. Further tasks include the support of the several business improvements projects and service marketing.

The successful candidate will have advanced VBA programming skills plus a profound knowledge of MS Excel and MS Access. A good understanding of business processes is advantageous. If you are doing an IT related degree, preferably in conjunction with general business we would like to know more about you.

This is a 6 months full-time internship commencing in October 2008, based in Melbourne. The remuneration will be determined according relevant skills, experience and internship responsibilities. Interns will be expected to arrange their own visa, flights and accommodation.

Please email your resume and cover letter to: emily.porter.ext@heidelberg.com.

Applications close 13th June 2008
