

Germans outsourced to India? Work @ Hitiki!

Hitiki is an **independent Online Travel Guide** (Launch in July 2006). Hitiki is based on the Wikipedia Software and integrates user experiences, tips and knowledge. Hitiki is run by an international team from the offices of an Indian Internet and IT-Service company (e.g. <http://www.oneindia.in>, <http://www.click.in>). At Hitiki we are open-minded, young and dedicated to what we are doing.

Hitiki is now looking for a **Web Project Manager** to

- coordinate marketing projects
- develop new product features
- supervise team activities

Apart from a dedicated and independent workflow **we expect**

- experience in building/ maintaining a website
- profound understanding of the latest Internet Technologies
- excellent skills in English

At Hitiki you **will get the possibility** to

- strengthen your management skills and Internet experience
- get an inside view of an open-minded Internet Startup
- work with an international team in Indian's Silicon Valley Bangalore

Please send your detailed English CV with a photo and a cover letter to:
